INTERNATIONAL RECORD OF MEDICINE
CUMULATIVE SUBJECT INDEX 1957

VOLUME 170

**Indicates abstract*

A

ABNORMALITIES
—congenital abnormalities, 396*
ACETAZOLAMIDE
—has acetazolamide eliminated the need for glaucoma surgery? 716
ACNE VULGARIS
—treatment of acne vulgaris with tetracycline-nystatin and tetracycline, 656*
ADOLESCENTS
—overweight adolescent, 272*
ADRENALS
—adrenal cortex and diabetic retinopathy, 530*
AESCULAPIUS
—Aesculapius in the kitchen (editorial), 256
AGITATION
—pipradol combined therapy for geriatric and agitated patients, 33
ALASKA
—ophthalmology in Alaska, 713*
ALLERGY
treatment:
—new concept of therapy for allergies, 276*
AMENORRHEA
—new aspects in the treatment of amenorrhea and sterility, 117*
AMERICA
—results of organized ophthalmology in the Americas, 529*
AMINO ACIDS
—amino and metabolism of the brain, 222*
AMPHETAMINE—*See Dextro-Amphetamine Sulfate.*
ANALGESICS
—use of analgesic drugs for relief of pain, 396*
ANGELIC CONJUNCTION
—the angelic conjunction, 641
ANISIKONIA
—value of glasses for anisokonia, 346
ANTIBIOTICS
—All-Union Conference on Antibiotics, review, 450
—antibiotic world, 652*
—antibiotics and the problem of medical communication, 191
—Fifth Annual Symposium on Antibiotics
—announcement, 268, 326, 373, 431
—review, 652–656
—scientists from abroad attending, 656
—Fourth Annual Symposium on Antibiotics, review, 45
combinations:
—combined use of antibiotic agents, 391*
lymphotropic:
—lymphotropic antibiotics, "antibiolymphins," 654*
new:
—telomycin, a new antibiotic, 655*
reactions to:
—severe reactions to antibiotics, a nationwide survey, 654*
therapeutic use:
—antibiotic therapy for ocular infections, 538*
—case of subacute bacterial endocarditis treated with a large amount of antibiotics, 53*
—digestive manifestations of *Candida* infections after antibiotics, 149*
ANTIBODIES
—natural selection theory of antibody formation, 274*
ANTICOAGULANTS
—stress and action of anticoagulants, 144*
ANXIETY
—dextro-amphetamine sulfate in mild depression and anxiety, 505
—management of anxiety in medical practice, 588
APC VIRUSES—*See Viruses.*
AQUEOUS HUMOR
—aqueous humor dynamics, 714
ARCHES
—of arches and bridges, 681
ARMED FORCES
—food in the Armed Forces, 253
ARTERIOSCLEROSIS
—arterial damage and metabolic disturbance in presenile arteriosclerosis, 393*
ASPHYXIA
—effects of ataraxics and asphyxia in cerebral palsy, 118*
ASTIGMATISM
—is there a cure for astigmatism? 716
ATARACTICS
—therapeutic value and limitations of an ataractic drug (rescinnamine), 665
ATARAXICS
—effects of ataraxics and asphyxia in cerebral palsy, 118*
ATHEROSCLEROSIS
diagnosis:
—possibility of diagnosis of early atherosclerosis, 392*
ATHLETES
—traumatic injury in athletes, 322
ATOM BOMB
—statistical observations of atom-bomb cataracts, 162*
ATOMIC AGE
—aging in the atomic age, 114*
AZO GANTRISIN
—Azo Gantrisin in the treatment of urinary tract infections, 657

B

BLINDNESS
—blindness control in Canada, 340*

—dextro-amphetamine sulfate in mild depression and anxiety, 505
—management of anxiety in medical practice, 588
APC VIRUSES—*See Viruses.*
AQUEOUS HUMOR
—aqueous humor dynamics, 714
ARCHES
—of arches and bridges, 681
ARMED FORCES
—food in the Armed Forces, 253
ARTERIOSCLEROSIS
—arterial damage and metabolic disturbance in presenile arteriosclerosis, 393*
ASPHYXIA
—effects of ataraxics and asphyxia in cerebral palsy, 118*
ASTIGMATISM
—is there a cure for astigmatism? 716
ATARACTICS
—therapeutic value and limitations of an ataractic drug (rescinnamine), 665
ATARAXICS
—effects of ataraxics and asphyxia in cerebral palsy, 118*
ATHEROSCLEROSIS
diagnosis:
—possibility of diagnosis of early atherosclerosis, 392*
ATHLETES
—traumatic injury in athletes, 322
ATOM BOMB
—statistical observations of atom-bomb cataracts, 162*
ATOMIC AGE
—aging in the atomic age, 114*
AZO GANTRISIN
—Azo Gantrisin in the treatment of urinary tract infections, 657

B

BLINDNESS
—blindness control in Canada, 340*

—National Committee formed for research in ophthalmology and blindness, 158
—why blindness? an Australian viewpoint, 153
BLOOD
coagulation:
—blood coagulation and glaucoma, 165*
BONES
fragility:
—blue sclerotics with fragilitas ossium and deafness, 537*
BOOK REVIEWS
—Administrative medicine, 111
—Atlas of diseases of the eye (An), 342
—Bedlam, 327
—Biochemical disorders in human disease, 604
—Biomicroscopie du corps vitre et d.. fond de l'oeil, 539
—Blakiston's new Gould medical dictionary, 47
—Blood supply and anatomy of the upper abdominal organs, 327
—Brain mechanism and drug actions, 696
—Cerebral palsy, its individual and community problems, 605
—Clinical laboratory methods, 468
—Clinical, pathological and genetic study of multiple neurofibromatosis, 48
—Clinical physiology: The functional pathology of disease, 651
—Compleat pediatrician (The), 603
—Current therapy 1957, 270
—Diseases and disorders of the colon, 650
—Dorland's illustrated medical dictionary, 468
—Epidemic and endemic diarrheal diseases of the infant, 270
—Etiologic factors in renal lithiasis, 603
—Gestation, Transactions of the Third Conference, 604
—Glaucoma, Transactions of the First Conference, 341
—Glossary of mycology (A), 389
—Gout, 696
—Handbook of biological data, 110
—Handbook of medical treatment, 112
—I Cursillo Internacional de Oftalmologia Especial, 342
—Illustrated medical and health encyclopedia, 388
—Medical parasitology, sixth edition, 110
—Medical physiology, tenth edition, 270
—Mental health planning for social action, 48
—Merck manual (The), new ninth edition, 111
—Modern nutrition in health and disease, 220
—Observations on Krebiozen in the management of cancer, 49
—Office assistant (The) in medical or dental practice, 110
—Pharmacology and therapeutic uses of gold compounds, 47
—Physician's handbook, ninth edition, 110
—Physiologic principles of surgery, 603
—Physiology of prematurity, 650
—Plastic repair of genito-urinary defects, 47
—Principles of clinical electrocardiography, 112
—Psychology, principles and applications, 650
—Psychopharmacology, 604
—Reduce and stay reduced, 388
—Today's industrial nurse and her job, 111
—Transport and accumulation in biological systems, 220
—Ultramicro methods for clinical laboratories, 605
—Urology and industry, 49
—Visual fields (The), a textbook and atlas of clinical perimetry, 342
BRAIN
—amino and metabolism of the brain, 222*
disorders:
—therapeutic possibilities in cerebral disorders of children, 50*
BREAST
cancer:
—basis for choice of operation for cancer of the breast, 91*
BRIDGES
—of arches and bridges, 684
BZ-55
—report on BZ-55 and orinase, 116*

C

CANCER
—modern cancer cell screening techniques, 103
CANDIDA
—digestive manifestations of *Candida* infections after antibiotics, 149*
CARDIOLOGY—*See Heart Disease.*
CATARACT
atom-bomb:
—statistical observations of atom-bomb cataracts, 162*
operation:
—is vascular hypertension a contraindication for cataract surgery? 542
—what is the percentage of successful cataract operations today? 347
—what is the present-day indication for monocular cataract surgery? 171
CEREBRAL PALSY
—effects of ataraxics and asphyxia in cerebral palsy, 118*
CHALAZIA
—treatment of chalazia with systemic prednisone, 539*
CHIASMA
—visual field defects in chiasmal lesions, 533*
CHILDBIRTH
natural:
—value of natural childbirth, 275*
CHILDREN
—accidental poisoning in children, 113*
—childhood epilepsy, 329*
—dormant infections from viruses in children, 144*
—hypoproteinosis in children, 271*
—therapeutic possibilities of cerebral disorders of children, 50*
—traumatic hyphema in children, 529*
nutrition:
—optimal nutrition of infants and children, 240

CHOLESTEROL
—cholesterol and diabetes, 118*
CHLORPROMAZINE
—chlorpromazine as an adjunct in managing tuberculous patients, 369
—evaluation of chlorpromazine in psychotic patients, 175
—location of action of chlorpromazine in the central nervous system, 67
—sleep therapy and the use of chlorpromazine, 1
COGNAC
—some nutritional and therapeutic aspects of wine and cognac, 361
COLITIS
ulcerative:
—medical management of ulcerative colitis, 262
COLOR BLINDNESS
—is color blindness always congenital? 346
COMA
hepatic:
—progress in the treatment of hepatic coma, 395*
CONJUNCTIVITIS
—is it advisable to use vasoconstrictors in conjunctivitis? 344
—should an eye with conjunctivitis be covered with a dressing? 342
CONSTIPATION
—effectiveness of a new agent in the correction of drug-induced constipation, 137
CONTACT LENSES
—use after cataract operation, 347
COOKING
—geography of food and cooking, 231
—science and art of cooking, 357
—special problems of food and cooking today, psychiatry, 351
CORNEA
foreign bodies:
—should a dressing be applied after the removal of a superficial corneal foreign body? 169
grafts:
—corneal grafts, 528*
—eye bank and corneal grafting program, 527*
herpes simplex:
—herpes simplex of the cornea, case report, 349
transplants:
—what is the percentage of good results in corneal transplants? 342
CRYOGLOBULINEMIA
—central retinal artery occlusion associated with cryoglobulinemia, 535*
CRYPTOCOCCOSIS
—cryptococcosis (torulosis) of the central nervous system, 148*
CUSHING'S SYNDROME
—diagnosis of Cushing's syndrome, 223*
CYSTITIS
—can cystitis cause changes in vision? 347

D

DACRYOCYSTORHINOSTOMY
—dacryocystorhinostomy superior to dacryocystectomy, 717
DACRYOSTENOSIS
—use of polyethylene tubing in dacryostenosis, 535*
DEAFNESS
—blue sclerotics associated with fragilitas ossium and deafness, 537*
DEPRESSION
—dextro-amphetamine sulfate in mild depression and anxiety, 505
DERMATITIS—*See Neurodermatitis.*
DERMATOLOGY
—influence of emotional factors in dermatology, 225*
DERMATOSES
—intramuscular administration of prednisolone in dermatoses, comparison with oral and topical therapy, 636
—topical and oral prednisolone in the treatment of dermatoses, 59
DEXTRO-AMPHETAMINE SULFATE
—dextro-amphetamine sulfate in mild depression and anxiety, 505
DIABETES MELLITUS
—cholesterol and diabetes, 118*
—physiologic mediation of psychic stimuli in diabetes mellitus, 576
eyes in—See also Retinopathy, diabetic:
—ophthalmic problems in diabetes, 167*
oral treatment:
—preliminary report on oral treatment of diabetes with BZ-55 and D-360, 54*
surgery in:
—hypophysectomy in unstable diabetics with progressive retinal and renal vascular disease, 530*
DIAMOX
—prolonged administration of Diamox in glaucoma, 167*
DIPLOPIA
—lens for treatment of diplopia, 716
DISABILITIES
—orthopedic disabilities, 460
DIURESIS
—re-examination of water diuresis, 272*
DREAMS
—I dreamed that I dreamed, 92
DRUG THERAPY
—comparative psychopathology of shock therapy and pharmacotherapy, 119
DRUGS
—variables affected by drug action, 115*
DUODENAL ULCER—*See also Gastroduodenal Ulcer.*
—psychiatric management of duodenal ulcer, 568

E

EAR
diseases:
—psychiatric aspects of diseases of the eye, ear, nose, and throat, 582
ELECTROPHORESIS
—role of electrophoresis in medicine, 374
EMBOLISM
—fat embolism, 222*
EMOTIONS
—influence of emotional factors in cardiology, 226*
—influence of emotional factors in dermatology, 225*

—influence of emotional factors in gastroenterology, 229*
—influence of emotional factors in medical gynecology, 225*
ENDOCARDITIS
subacute bacterial:
—case of subacute bacterial endocarditis treated with a large amount of antibiotics, 53*
ENZYMES
—first action of a steroid on an enzyme reported, 50*
EPILEPSY
—childhood epilepsy, 329*
ESOPHAGUS
diseases:
—advances in the Roentgen-ray diagnosis of diseases of the esophagus, 227*
strictures:
—strictures of the esophagus, 227*
ESTROGEN
—neonatal estrogen excretion and its relation to postnatal weight loss, 391*
EXOPHTHALMOS
—exophthalmogenous factor in the serum, evaluation and practical use, 125
EYE BANK
—eye bank and corneal grafting program, 527*
—organization and functions of an eye bank, 527*
—retinal breaks in eye bank eyes, 528*
EYEGLASSES
—does everyone need near-vision glasses after the age of 40? 717
—eyeglasses as a therapeutic agent, 712*
EYELIDS
—folds of skin above both upper lids, 169
EYES
—ocular considerations in facial paralysis, 163*
chemical injuries:
—what alkali should be used when first aid is administered to a person whose eye was burned with sulfuric acid? 542
diseases:
—changes in the eyes in pellagra, 166*
—herpes zoster ophthalmicus, case report, 545
—psychiatric aspects of diseases of the eye, ear, nose, and throat, 582
—stress in ocular disease, 531*
infections:
—antibiotic therapy for ocular infections, 538*
motility
—distorbances of ocular motility in relation to supranuclear lesions, 336*

F

FACIAL PARALYSIS
—ocular considerations in facial paralysis, 163*
FLUORIDE
—fluorides and fluorosis, 393*
FOOD
—food in the Armed Forces, 253
—geography of food and cooking, 231
—special problems of food and cooking today, psychiatry, 351
FOOD AND COOKING
—Symposium on medical and psychological aspects of food and cooking, 231–258, 351–368
FOOT
—arterial supply of the foot, 407
—developmental anatomy of the foot, 404
—foot pains, 442
—foot problems, metabolic factors, 432
—obstetric and gynecologic considerations of the foot, 451
—significance of neuronal development and conditioned patterns in control of function of the foot, 439
—symposium on foot problems confronted in industry, schools, the home, and sports, 403–467
—introduction, 403
—venous, lymphatic, and autonomic supply of the foot, 416
FUCHS, ERNST
—Ferdinand Von Arlt and Ernst Fuchs, two representatives of the Vienna school of opthalmology, 702

G

GAIT
—influence of a flexible outsole on the dynamics of the walking gait, 454
GASTRODUODENAL ULCER
—general, geography of gastroduodenal ulcer, 608*
GASTROENTEROLOGY
—influence of emotional factors in gastroenterology, 224*
GASTROINTESTINAL ULCER
—is hypoglycemia an etiologic factor in ulcer? 53*
GERIATRICS—*See Old Age.*
GLAUCOMA
—blood coagulation and glaucoma, 165*
—glaucoma, 161
—has acetazolamide eliminated the need for glaucoma surgery? 716
—intraocular pressure in glaucoma, 347
—prolonged administration of Diamox in glaucoma, 167*
—tonometry aids in detecting glaucoma, 544
GYNECOLOGY
—influence of emotional factors in medical gynecology, 225*
—obstetric and gynecologic considerations of the foot, 451

H

HALOS
—are colored halos seen around lights pathognomonic for glaucoma? 171
HARVEY, WILLIAM
—adventures of William Harvey and of his discovery, 279
—Harvey Tercentennial Issue, 279–321
—life of William Harvey, 317
—Padua and London, a Harvcian tale of two cities, 286
—picture story, 320

HEART
—improvements in cardiologic instruments, 51*
—observations on cardiac by-pass, 145*
HEART DISEASE
—influence of emotional factors in cardiology, 226*
congenital:
—physical working capacity in congenital heart disease, 145*
HEMORRHAGE
subarachnoid:
—preretinal and optic nerve-sheath hemorrhage, pathological and experimental aspects in subarachnoid hemorrhage, 338*
subconjunctival:
—is there any treatment that would speed up the absorption of a subconjunctival hemorrhage? 170
HEPATITIS
infectious:
—clinical observations in infectious hepatitis, 114*
HEREDITY
—genetic aspects of diseases of metabolism, 223*
HERPES SIMPLEX
corneal:
—herpes simplex of the cornea, case report, 349
HERPES ZOSTER
—herpes zoster ophthalmicus, case report, 545
HIP
congenital dislocation:
—diagnosis of congenital dislocation of the hip prior to dislocation, 328*
fusion:
—hip fusion in ambulatory patients, 221*
HIPPOCRATES
—how Hippocrates made his diagnoses, 479
HIPPOCRATIC OATH
—the Hippocratic oath, 473
HODGKIN'S DISEASE
Hodgkin's disease of the female sex organs, 273*
HOLIDAYS
—the holiday and the Holy Day, 694
HORMONES
—adjuvants to hormonal therapy in the nephrotic syndrome, 11
—effects of hormone therapy in aging patients, 114*
—hormone therapy in rheumatism, 114*
HYPERTENSION
—is vascular hypertension a contraindication for cataract surgery? 542
HYPHEMA
traumatic:
—traumatic hyphema in children, 529*
HYPOGLYCEMIA
—is hypoglycemia an etiologic factor in ulcer? 53*
HYPOPHYSECTOMY
—hypophysectomy in unstable diabetics with progressive retinal and renal vascular disease, 530*
HYPOPROTEINOSIS
—hypoproteinosis in children, 271*

I

INFANTS
nutrition:
—optimal nutrition of infants and children, 240
INFECTIONS
—host reaction as part of the clinical picture of infectious diseases, 655*
INFLUENZA
Asian:
—role of oxytetracycline and tetracycline in the Asian influenza epidemic in the Philippines during March through June 1957, 655*
INJURIES
—traumatic injury in athletes, 322
INSULIN
—insulin binding, 145*
INSURANCE
—pitfalls of defendants' examinations for insurance carriers, 621
IODO-NIACIN
—use of Iodo-Niacin for retinal and vitreous hemorrhage and vitreous floaters, 340*
IRIS
pigment:
—human iris pigment, a concept of individual reactivity with implications in health and disease, 533*
—human iris pigment, factors, in schizophrenia, 533*

J

JOINTS
—aspiration of joints, 117*
diseases:
—rheumatoid arthritis and other joint disorders in the aged, 147*

K

KERATOCONJUNCTIVITIS
—epidemic keratoconjunctivitis, case report, 173
KIDNEY
diseases:
—application of thin sections to the study of renal disease, 271*
KITCHEN
—Aesculapius in the kitchen (editorial), 256

L

LACHRYMAL SAC
—obstruction of the lachrymal drainage system, treatment and results, 534*
LEUKEMIA
—increase in frequency of leukemia, 221*
LEUKOCYTES
—influence of stress conditions on the motility of human leukocytes, 672
LIFE
—what I have learned in life, 183, 259
LIOTHYRONINE
—value of a therapeutic trial with liothyronine, 86

LIVER
necrosis:
—transaminase activity as a sensitive indicator of liver necrosis, 273*
LONDON
—Padua and London, a Harveian tale of two cities, 286

M

MACULA
—histopathology of the star-figure of the macular area in diabetics and angiospastic retinopathy, 531*
degeneration:
—treatment of senile macular degeneration by advancing the inferior oblique muscle, 338*
MALPRACTICE
—malpractice and rectal surgery, 631
MD
—new trend in medical journalism, MD Medical Newsmagazine launched in January, 213
MEASLES
—care of eyes in measles, 346
vaccination:
—development of measles vaccine, 115*
MEDICAL COMMUNICATION
—antibiotics and the problem of medical communication, 191
MEDICAL RESEARCH
—spetrophotometry in medical research, 37
MEDICAL WRITING
—Humpty Dumpty on writing, 108
MEDICINE
history:
—the angelic conjunction, 641
MEDICOLEGAL PROBLEMS
—medicolegal problems in physical medicine, 609
MEDICOLEGAL SYMPOSIUM
—Symposium on legal medicine, 609–635
MELANOMA
—pathological survey of malignant melanoma of the uveal tract, 337*
MEPHENTERMINE
—preliminary observations on the positive inotropic effects of mephentermine, 510
METABOLISM
diseases:
—genetic aspects of diseases of metabolism, 223*
MITOCHONDRIA
—organized enzyme systems, mitochondria, 394*
MUSCULAR DYSTROPHY
—approach to the treatment of progressive muscular dystrophy, 131
MYOPIA
—eye exercises in myopia, 542
—at what age does a myopic become farsighted, 169

N

NEPHROSIS
—adjuvants to hormonal therapy in the nephrotic syndrome, 11
NERVOUS SYSTEM
—effects of radiation on electrophysiology of the nervous system, 607*
central:
—cryptococcosis (torulosis) of the central nervous system, 148*
—location of action of chlorpromazine in the central nervous system, 67
NEUROCIRCULATORY ASTHENIA
—therapeutic procedures for neurocirculatory asthenia and allied disorders, 54*
NEURODERMATITIS
—vasomotor lability as studied in patients with disseminated neurodermatitis, 27
NOSE
diseases:
—psychiatric aspects of diseases of the eye, ear, nose, and throat, 582
NOVOBIOCIN
—novobiocin, a new antibiotic, ocular penetration and tolerance, 339*
NUTRITION
—optimal nutrition of infants and children, 240
NYSTATIN
—treatment of acne vulgaris with tetracycline-nystatin and tetracycline, 656*

O

OBESITY
—use of pipradrol in the problems of obesity, 55
OBSTETRICS
—obstetric and gynecologic considerations of the foot, 451
OLD AGE
—aging in the atomic age, 114*
—effects of hormone therapy in aging patients, 114*
—medicolegal problems of senility, 624
—piperadrol combined therapy for geriatric and agitated patients, 33
—psychologic problems in geriatric ophthalmology, 712*
—rheumatoid arthritis and other joint disorders in the aged, 147*
OPHTHALMOLOGISTS
—psychotherapy and the ophthalmologist, 168*
OPHTHALMOLOGY
—letter from Paris, 334
—letter from Venezuela, 159
—news and notes in ophthalmology, 174, 350, 546
—ophthalmological problems, 529*
—radioactive isotopes in ophthalmology, 537*
—results of organized ophthalmology in the Americas, 529*
in Alaska:
—ophthalmology in Alaska, 713*
examinations:
—how early in life should a child be referred for ophthalmologic examination? 172
geriatric:
—psychologic problems in geriatric ophthalmology, 712*
research:
—modern techniques for ophthalmic research, 344

in Vienna:
—Ferdinand Von Arlt and Ernst Fuchs, two representatives of the Vienna school of ophthalmology, 702
OPTOMETRY
—optometric control of medical practice through legislation, 708
ORBIT
fractures:
—early treatment of orbital fractures, 164*
ORINASE
—report on BZ-55 and orinase, 116*
ORNITHOSIS
—problem of ornithosis and psittacosis, 328*
ORTHOPEDICS
—early treatment necessary for orthopedic conditions, 117*
—orthopedic disabilities, 460
—psychosomatic conditions encountered in orthopedic practice, 594
ORTHOPTICS
—orthoptics, 528*
OTITIS MEDIA
—otitis media in general practice, 276*
OVERWEIGHT
—the overweight adolescent, 272*
OXYGEN
—experimental approach to the pathogenesis of retrolental fibroplasia, the effects of the gradual and of rapid transfer from concentrated oxygen to normal air on the oxygen-induced changes in the eyes of young mice, 162*
—retrolental fibroplasia, comparative study of retrolental fibroplasia and the use of oxygen, 162*
OXYTETRACYCLINE
—role of oxytetracycline and tetracycline in the Asian influenza epidemic in the Philippines during March through June 1957, 655*

P

PADUA
—Padua and London, a Harveian tale of two cities, 286
PAIN THRESHOLD APPARATUS
—evaluation of the Hardy-Wolff-Goodell pain threshold apparatus and technique, review of the literature, 202
PAPANICOLAOU SMEAR
—Papanicolaou smear test, 227*
PAPILLEDEMA
—study of the rebound pulse as a method of diagnosing papilledema, 332
PARIS
—letter from Paris (on ophthalmology), 334
PELLAGRA
eyes in:
—changes in the eyes in pellagra, 166*
PHARMACOLOGY
—pharmaceutical research, 486
PHARMACOTHERAPY—*See Drug Therapy.*
PHILIPPINES
—role of oxytetracycline and tetracycline in the Asian influenza epidemic in the Philippines during March through June 1957, 655*
PHOSPHOLINE IODIDE
—report on phospholine iodide, 541
PHRENOTROPIC AGENTS
—the phrenotropic agents, 493
PHYSICAL MEDICINE
—medicolegal problems in physical medicine, 609
PHYSICIANS
—psychosomatic medicine and the general practitioner, 547
PIPRADROL
—pipradrol combined therapy for geriatric and agitated patients, 33
—use of pipradrol in the problems of obesity, 55
PLASMA GELS
—colloidal factors in plasma gels, 113*
POISONING
—accidental poisoning in children, 113*
POLIOMYELITIS
—international conference on poliomyelitis, review, 520
acute:
—clinical considerations of acute poliomyelitis, 148*
vaccination—See Salk Vaccine.
POLYETHYLENE TUBE
—use of polyethylene tubing in dacryostenosis, 535*
PREDNISOLONE
—intramuscular administration of prednisolone in dermatose, comparison with oral and topical therapy, 636
—prednisolone, a preliminary appraisal of its use topically, 515
—topical and oral prednisolone in the treatment of dermatoses, 59
PREDNISONE
—treatment of chalazia with systemic prednisone, 539*
PREGNANCY
—"pregnancy" of five years' duration, 395*
PROCHLORPERAZINE
—an appraisal of a new antiemetic drug, prochlorperazine, 469
—evaluation of prochlorperazine in the ambulatory treatment of psychiatric patients, 599
PROSTATOVESICULITIS
—prostatovesiculitis, 277*
PROTEIN—*See also Hypoproteinosis.*
—enrichment of foods with protein, 272*
PSEUDOPAPILLEDEMA
—pseudopapilledema, 524
PSEUDOPAPILLITIS
—vascular pseudopapillitis, 163*
PSITTACOSIS
—problems of ornithosis and psittacosis, 328*
PSYCHIATRY
—evaluation of prochlorperazine in the ambulatory treatment of psychiatric patients, 599
—psychiatric aspects of diseases of the eye, ear, nose, and throat, 582
—special problems of food and cooking today, psychiatry, 351
PSYCHOBIOLOGY
—recent advances in psychobiology and their impact on general practice, 551
PSYCHOSES
—evaluation of chlorpromazine in psychotic patients, 175

PSYCHOSOMATIC MEDICINE
—internist looks at psychosomatic disease, 559
—psychosomatic conditions encountered in orthopedic practice, 594
—psychosomatic medicine and the general practitioner, 547
—symposium on psychosomatic medicine, 547–598
PSYCHOTHERAPY
—psychotherapy and the ophthalmologist, 168*
PULSE
rebound:
—study of the rebound pulse as a method of diagnosing papilledema, 232

Q

QUARTERLY REVIEW OF OPHTHALMOLOGY, 150–174, 330–350, 522–541, 700–718

R

RADIATION
—effects of radiation on electrophysiology of the nervous system, 607*
—effects of radiation on human beings, 146*
—no harmless dose of radiation, 392*
RADIOACTIVE ISOTOPES
—radioactive isotopes in ophthalmology, 537*
RADIOISOTOPES
—radioisotope scanning instrumentation, 139
RECTUM
surgery:
—malpractice and rectal surgery, 631
REITER'S DISEASE
—Reiter's disease, case report, 718
RESCINNAMINE
—therapeutic value and limitations of an ataractic drug (rescinnamine), 665
RESEARCH
—pharmaceutical research, 486
—words and research, 653*
RESERPINE
—reserpine development and future perspectives, 214
RESPIRATORY TRACT
upper:
—malignant disease of the upper respiratory tract, 607*
RETINA
—retinal breaks in eye bank eyes, 528*
—retinal lesions associated with uveal disease, part I, 336*
arteries:
—central retinal artery occlusion associated with cryoglobulinemia, 535*
blood vessels:
—can anticoagulants prevent thrombosis of retinal blood vessels? 170
—resection of the sclera for retinal detachment, 717
diseases:
—diabetic retinopathy, 165*
RETINITIS PIGMENTOSA
—is there a satisfactory treatment for retinitis pigmentosa? 543
RETINOBLASTOMA
—combination therapy effective for retinoblastoma, 715
RETINOPATHY
diabetic:
—adrenal cortex and diabetic retinopathy, 530*
—factors in the pathogenesis of diabetic retinopathy, 532*
RETROLENTAL FIBROPLASIA
—complete elimination of retrolental fibroplasia, 340*
—experimental approach to the pathogenesis of retrolental fibroplasia, the effects of gradual and of rapid transfer from concentrated oxygen to normal air on the oxygen-induced changes in the eyes of young mice, 162*
—retrolental fibroplasia, comparative study of retrolental fibroplasia and the use of oxygen, 162*
RHEUMATISM
—hormone therapy in rheumatism, 114*
—uveitis in association with rheumatism, 536*
RHEUMATOID ARTHRITIS
—rheumatoid arthritis and other joint disorders in the aged, 147*
—significance of the rheumatoid factor, 397*
ROENTGEN-RAYS
—advances in Roentgen-ray diagnosis of diseases of the esophagus, 227*
RUMINATION
—rumination, a psychosomatic syndrome, 394*

S

SALK VACCINE
—Salk vaccine for entire population, 222*
SARCOIDOSIS
—sarcoidosis, 606*
SCHIZOPHRENIA
—human iris pigment, factors in schizophrenia, 533*
SCLERA
blue:
—blue sclerotics with fragilitas ossium and deafness, 537*
SECTIONS
thin:
—application of thin sections to the study of renal disease, 271*
SEX ORGANS
female:
—Hodgkin's disease of the female sex organs, 273*
SHOCK THERAPY
—comparative psychopathology of shock therapy and pharmacotherapy, 119
SHOULDER HAND SYNDROME
—shoulder-hand syndrome, 116*
SIGERIST, HENRY E., M.D.
—in Memoriam, 269
SLEEP THERAPY
—sleep therapy and the use of chlorpromazine, 1
SOUND
—sonorous stimulus and responsive movement, 50*

SPECTROPHOTOMETRY
—spectrophotometry in medical research, 37
SQUINT
—can squint be cured with eye drops? 716
STERILITY
—new aspects in the treatment of amenorrhea and sterility, 117*
STEROIDS
—first action of a steroid on an enzyme reported, 50*
—indiscriminate use of steroid therapy, 52*
topical use:
—topical steroids in eye emergencies, 348
STRESS
—influence of stress conditions on the motility of human leukocytes, 672
—stress and action of anticoagulants, 144*
—stress in ocular disease, 531*
STYES
—can styes be caused by eyestrain? 348
SUICIDE
—suicide, 613
—suicide, a review of the literature, 1945–1956, 678
SUPRANUCLEAR LESIONS
—disturbances of ocular motility in relation to supranuclear lesions, 336*

T

TELOMYCIN
—telomycin, a new antibiotic, 655*
TEMPORAL LOBE
surgery:
—visual field defects following temporal lobe surgery, 534*
TETRACYCLINE
—role of oxytetracycline and tetracycline in the Asian influenza epidemic in the Philippines during March through June 1957, 655*
—treatment of acne vulgaris with tetracycline-nystatin and tetracycline, 656*
THROAT
diseases:
—psychiatric aspects of diseases of the eye, ear, nose, and throat, 582
THYROID
—case experiences in thyroid disease, 390*
TONOMETRY
—tonometry aids in detecting glaucoma, 544
TORULOSIS—*See Cryptococcosis.*
TRANQUILIZERS
—stabilizing drugs, 51*
TRANSAMINASE
—transaminase activity as a sensitive indicator of liver necrosis, 273*
TUBERCULOSIS
—studies on tuberculosis, 274*
treatment:
—chlorpromazine as an adjunct in managing tuberculous patients, 369

U

URINARY TRACT
infections:
—Azo Gantrisin in the treatment of urinary tract infections, 657
UVEA
—retinal lesions associated with uveal disease, part I, 336*
tumors:
—pathological survey of malignant melanoma of the uveal tract, 337*
UVEITIS
—further study of streptococcus vaccines in nongranulomatous uveitis, 536*
—research in uveitis, 540
—uveitis in association with rheumatism, 536*

V

VACCINES
—development of measles vaccine, 115*
streptococcus:
—further study of streptococcus vaccines in nongranulomatous uveitis, 536*
VASOMOTOR SYSTEM
—vasomotor lability as studied in patients with disseminated neurodermatitis, 27
VENEZUELA
—letter from Venezuela (on ophthalmology), 159
VESICORECTOSTOMY
—report on vesicorectostomy, 329*
VIRUSES
—APC viruses, 165*
—clinical diseases of adults associated with sporadic infections by APC viruses, 338*
—dormant infections from viruses in children, 144*
VISION
—unusual operation saves veteran's sight, 526
tubular:
—a case of organic tubular vision, 534*
VISUAL ACUITY
—dynamic visual acuity test being studied, 711
VISUAL FIELDS
—visual field defects in chiasmal lesions, 533*
—visual field defects following temporal lobe surgery, 534*
VON ARLT, FERDINAND
—Ferdinand Von Arlt and Ernst Fuchs, two representatives of the Vienna school of ophthalmology, 702

W

WINE
—some nutritional and therapeutic aspects of wine and cognac, 361
WORDS
—words and research, 653*

CUMULATIVE AUTHOR INDEX
